

French

-I'll take a Coke, Lover.

-Coke! More American shit! Have water.

-And I went to our little store and got German Rhine Wine and Irish Cheddar Farmhouse Cheese. Am I to hate them too?

-Yes!

-So everything French is superb because we're French? And everything...?
(in his face now)

-No! I hate the French too! I especially hate French women. And you representing them so well, with your selfishness and hideous attempts to look younger. I despise you! Utterly.

-Utterly?

-Beyond the last degree. A painted hulk like an abandoned boat!

-Abandoned too!

(They embrace passionately.)
